FUTURE RISKS: ARE YOU READY?
FRIDAY, OCTOBER 24, 2008

Risks change. No sooner has one been tackled, than a new one emerges. As we exit 2008, we need to identify emerging threats, assess their risks, and prepare to meet their challenges.

Our upcoming 2008 Joint Fall Conference, **“Future Risks: Are You Ready?”**, will focus on both business operations risks and IT risks that organizations should be aware of when making plans for 2009 and beyond. This conference is designed for all Information Systems Audit, Information Security, and Internal Audit Professionals.

Topics include the following:

- Real World Perspectives on Corporate Fraud
- The Automated Internal Audit Function of the Future
- Protecting Your Company From Cybercrime
- Disaster Recovery Planning / Business Continuity
- The Risks and Opportunities of Cloud Computing
- Audit Skill Sets for the Future

To take advantage of our **early bird registration discount** (which will expire on October 11, 2008) please go to: <http://www.acteva.com/booking.cfm?bevaID=164877>
